PROFILE

Frontend Developer with experience building scalable, user focused web applications across startups, client projects, and nonprofit organizations. Recently designed and developed Chatter, a full stack publishing platform. At De Cloud23 Technologies, contributing to the development of a job tracking platform connecting candidates with recruiters and Zheeta, a social and affiliate platform that enables Africans to earn through everyday activities. Through Frnwei.co, delivered production ready websites for clients in the real estate and agribusiness sectors. At AIESEC in Nigeria, developed and maintain core pages on aiesec.ng alongside multiple conference microsites. B.Sc. in view, Computer Science from the University of Ibadan. Hold a Frontend Engineering Diploma from AltSchool Africa.

Seeking a Frontend Developer role focused on building reliable, high impact digital products.

TECHNICAL SKILLS

Languages & Frameworks: TypeScript, JavaScript (ES6+), React.js, Next.js, HTML5, CSS3, Tailwind CSS, SCSS, Chakra UI

Tools: Git, GitHub, Supabase, Axios, REST API Integration, Vitest, Playwright, Figma

Core Competencies: Responsive & mobile-first UI, component architecture, cross-browser compatibility, stakeholder collaboration, project management

WORK EXPERIENCE

Frontend Intern

Aug 2025 – Present

De-Cloud23 Technologies Ltd — Ibadan, Nigeria (Hybrid)

- Building a job tracker platform connecting candidates and recruiters: candidates apply, track applications, and prepare for interviews, while recruiters review applications and manage interview scheduling.
- Contributing frontend features to Zheeta, a class-based, affiliate-focused social platform helping Africans earn from social activity and buddy events.

Frontend Developer

Jul 2025 – Present

Frnwei.co — Remote

- Built and shipped full production websites for client brands, including Criterion Homes, a real estate and property development company, and Global Range Farms, a livestock sourcing and supply brand.
- Converted design concepts into responsive, cross-browser interfaces in direct collaboration with the design team, from mockup through to live deployment.

Frontend Web Developer

Aug 2024 – Present

AIESEC in Nigeria — Remote

- Built and maintain core pages on aiesec.ng, including Recruitment, Blog, Youth Speak Forum, Global Money Week, and National Volunteer, plus microsites for national conferences.
- Also serve as National Program Manager, coordinating social impact projects across 13 states, experience that carries directly into managing scope and stakeholders on product work.

Frontend Intern

May 2024 – Jul 2024

Skills Forge — Ibadan, Nigeria

- Built scalable, responsive features in React and TypeScript, gaining hands-on experience integrating REST APIs into production code.

HIGHLIGHTED PROJECTS

Chatter — Full-Stack Publishing Platform — [chatter-demi.vercel.app](#)

- Designed and built a text-first publishing platform with: rich-text editor with autosave and image uploads, email/Google/GitHub OAuth, and row-level security on every table.
- Built a personalized ranked feed with infinite scroll, real-time comments and notifications, full-text search, and a creator analytics dashboard, using Next.js 15, TypeScript, Supabase, and Recharts.

AIESEC in Nigeria — Functional Hub — [hub.aiesec.ng/functionalhub](#)

- Built a central hub giving members one place to reach the resources and tools spread across the organization's functional areas, replacing scattered links with a single interface.

EDUCATION & CERTIFICATIONS

Diploma, Frontend Engineering — AltSchool Africa, Jul 2025 – Jul 2026 [completed]

BSc Computer Science — University of Ibadan, Jan 2022 – Dec 2026 (Expected), Consistent First-Class Standing, 3.79/4.00

Faculty of Science Dean's Roll of Honour — University of Ibadan, three-time recipient (most recent Oct 2025)
